

MARK SMITH IS NOMINATED OVER O'NEILL

Vote of 175 to 45 on the First
Ballot Brought Forth a
Demonstration in the
Convention.

PLATFORM RINGING ONE,
DELEGATES ENTHUSIASTIC

For Success of Democrats In
Arizona at the Election
in November.

(Special to the Review.)
PRESCOTT, Aug. 8.—The nomination of Mark Smith as Democratic candidate for congress again places the Democratic banner in the hands of one long used to carrying it successfully. The convention today included more prominent men in the party than have been brought together for years. From the north were Col. J. F. Wilson, Joe Dillon, Judge Hawkins, Henry F. Ashurst, Dr. J. B. White, Ed Thompson, all long and faithful in the party service. From the south were Packard, Gaines, Neale and Adamson from Cochise; Manning, O'Keefe and Hoff of Pima; Ben Crawford, of Graham; Ho Whitehead and Phil Hazzell, of Santa Cruz; Jack Evans, of Gila; Brady O'Neill, Sam Webb, Vernon Clark and Paul Kirger, of Maricopa.

The friends of O'Neill recognized, of course, the right of the Smith men to control the platform declarations and to take the honors of the convention. Chairman Dillon called the convention to order at 11 o'clock this morning and introduced Hon. Reese M. Ling, who proceeded to deliver a speech of welcome on behalf of the city of Prescott. Reese characterized the convention as a gathering of the most representative Democrats to be found in Arizona. He predicted that this would be the last territorial Democratic convention in Arizona, and that Mark Smith would finally secure the admission of Arizona at the short session of congress next winter.

General L. H. Manning of Pima county placed in nomination Hon. Henry F. Ashurst for temporary chairman of the convention. Hon. M. C. Crawford, of Maricopa, E. P. Wood, of Mohave, John R. Whitehead, of Navajo, E. P. Gary, of Santa Cruz, W. A. O'Connor, of Yavapai, J. P. O'Connor, of Yuma, C. L. Meyers, of Graham, were chosen as delegates to the national convention. A recess was then taken for twenty minutes. On reconvening the convention selected the committees on permanent organization and platform and resolutions.

Following is the platform committee: Apache, Isaac Barth; Cochise, Geo. Kelly; Coconino, L. F. Williams; Gila, E. P. Harvey; Graham, C. L. Meyers; Maricopa, E. P. Wood; Mohave, John R. Whitehead; Navajo, E. P. Gary; Santa Cruz, W. A. O'Connor; Yavapai, J. P. O'Connor; Yuma, C. L. Meyers. They urged that the platform of the Maricopa county convention be taken as a base for territorial declarations. The platform decided on by the convention is regarded as one which will meet the hearty approval of the Democrats of the territory.

Before the convention adjourned for noon the temporary chairman announced for this evening a ratification meeting which would be addressed by Hon. Mark Smith, Hon. Eugene Brady O'Neill, Hon. Geo. Neale, Hon. E. P. Gary and others.

Judge J. J. Hawkins was elected permanent chairman of the convention after the noon recess. Judge Hawkins delivered an able speech in which he lauded Bryan and Kern and the courageous national platform upon which they were asking for the support of the people of this country.

Geo. H. Kelly, chairman of the committee on platform and resolution presented the platform, which was unanimously adopted amid tremendous applause, being conceded to be the strongest Democratic platform ever adopted in the territory. After the adoption of the platform the next order of business was making nominations for congress.

Hon. Henry F. Ashurst, of Coconino county, took the platform and in one of the best speeches ever delivered in Arizona presented the name of Hon. Marcus A. Smith as the Democratic candidate for congress. This nomination was heartily seconded by Mayor George H. Neale of Bisbee and Isaac Barth of Apache.

Prof. Langstrom of Maricopa county was the next man to take the platform. Up to that time there was uniformity of opinion as to whether Eugene Brady O'Neill's name would be presented to the convention or not. It had been announced that Judge Timmons of Yuma would make the nomination, but Timmons was prevented from attending the convention and Langstrom was substituted for that duty. Prof. Langstrom placed O'Neill in nomination. O'Neill's nomination was seconded by Mr. Marvin of Yuma county.

A roll call resulted in the nomination of Mark A. Smith as follows: Smith 175; O'Neill 45.

The nomination of Smith was made unanimous on motion of Mr. Langstrom, of Maricopa county, followed by

Governor Takes a Hand In the Wardwells' Case

Leper Woman at Tombstone Has to Be
Shackled to Bed—Was Given a Bath
Yesterday With a Hose.

(Special to the Review.)

TOMBSTONE, Aug. 8.—Governor J. H. Kibbey has taken the case of Colonel David K. Wardwell and his leper wife under consideration. He has ordered the territorial sanitary commissioner, Dr. Coleman, to this city. Dr. Coleman will arrive here tomorrow morning from Phoenix. He will report to the governor at once and it is expected that Colonel Wardwell and his wife will be removed from their quarters here early next week.

Today Mrs. Wardwell became so violent that she had to be shackled to her bed. Two Mexican women were hired to give her a bath. The crazed woman fought them off, losing nearly all her clothes in her frantic struggle. A hose was then turned on her in her narrow quarters as the only

means of giving her a bath. The hospital authorities had to move Mrs. Wardwell into separate quarters from Colonel Wardwell yesterday owing to her violence. A telegram received from the war department at Washington states there is no law authorizing the deporting of a person afflicted with leprosy from the United States to Molokai, Hawaii. The wire also stated that a letter covering the case has been forwarded from the surgeon general's office.

Probate Judge Goodbody today started a movement to have Mrs. Wardwell's brother, Albert Cook, pardoned by Governor Kibbey from Yuma where he is serving a sentence for killing a man at Pearce, provided he will take Col. Wardwell and his wife to some secluded spot in Sonora and care for them.

means of giving her a bath. The hospital authorities had to move Mrs. Wardwell into separate quarters from Colonel Wardwell yesterday owing to her violence. A telegram received from the war department at Washington states there is no law authorizing the deporting of a person afflicted with leprosy from the United States to Molokai, Hawaii. The wire also stated that a letter covering the case has been forwarded from the surgeon general's office.

While every courtesy was shown to Chaffin, it remained for Peter S. Morrison, 35 years old, who lives near Sheridan, Wyoming, to enjoy honors at the hands of Bryan accorded to him. Morrison stopped off at Lincoln on his way home from Michigan for the sole purpose of shaking hands with the Democratic nominee. Although within five years of the century mark, Morrison displayed a remarkable memory and recalled with clearness many stirring events in the early days of the republic. To have seen and spoken to Andrew Jackson while president of the United States and to tell it, was a revelation to Bryan.

Morrison, who had driven to the station by himself, carried with him as a souvenir of the visit, a handsome silver headed cane which was cut from "The Hermitage." Andrew Jackson's old home in Tennessee.

THE ARGONAUTS WIN
OVER THE DON CREW
Which Had Defeated Them in
Junior Event on Friday.

ST. CATHERINES, Ont., Aug. 8.—The first feature of the final day of the Canadian Henly regatta races furnished two surprises. The Argonauts entered the intermediate against the Don crew by which they were so easily defeated in the junior event and after a hard fight the Argonauts won, making a record for the course.

The single sculling championship for Canada was won by Harry Jacob, of the Don Rowing Club, of Toronto.

A MILLIONAIRE CANDIDATE

JEFFERSON CITY, Aug. 8.—Col. R. C. Kerns, of St. Louis, the millionaire owner of railroads, banks, mines and newspapers filed today a formal declaration of his candidacy for the nomination of United States senator.

ELMER DOVER QUITS
NATIONAL COMMITTEE
Resigns as Secretary and Is
Appointed Secretary of Republican Advisory Board.

NEW YORK, Aug. 8.—Elmer E. Dover, of Ohio, who today resigned the position as secretary of the Republican national committee, will become the secretary of the advisory committee, which will work with Geo. H. Sheldon, the treasurer of the national committee. William Hayward, of Nebraska City, Neb., who has been the republican chairman in that state for a number of years, was appointed secretary of the national committee to be in charge of the western headquarters during the absence of Hitchcock. This organization and several important changes were made tonight.

The advisory committee which has had charge of the ways and means campaign will work with Sheldon and consist of nine members. The men who will be named will be prominent business men and financiers from various sections of the country and will be drawn from the ranks of the national committee.

THE SELECTION OF DOVER as secretary of this committee pleases him and his acceptance will dispose of the reports that his relations with Hitchcock were not harmonious. In discussing the change tonight, Hitchcock spoke very frankly of the necessity of a thorough organization and the proper financing of the campaign.

HURRICANE IN HUNGARY MAIMS AND INJURES.

ZEGEDIN, Hungary, Aug. 8.—During a hurricane this afternoon a large factory collapsed and a hundred workmen were buried in the ruins. Four corpses and four or five persons severely hurt were recovered from the debris. Seventy are still missing. Zegedin is 37 miles south of Budapest and after Budapest the most populous city in the kingdom.

NON POLITICAL CONFERENCE BY CANDIDATES

Prohibition Nominee Calls at
Fairview and Is Cordially
Greeted by Colonel W. J.
Bryan—Other Visitors.

LINCOLN, Aug. 8.—Tabooing politics almost entirely, William J. Bryan and Eugene W. Chaffin, the candidates of the Democratic and the Prohibition parties respectively for the presidency, had a conference today for nearly an hour at Fairview. Having been advised of his coming, Colonel Bryan came out on the front steps as the big automobile bearing his Prohibitionist rival drove up, and extended a hearty greeting.

The conversation turned from one subject to another, but dwelt almost entirely on Tolstoi, the Russian socialist, in whom both men are greatly interested.

While every courtesy was shown to Chaffin, it remained for Peter S. Morrison, 35 years old, who lives near Sheridan, Wyoming, to enjoy honors at the hands of Bryan accorded to him. Morrison stopped off at Lincoln on his way home from Michigan for the sole purpose of shaking hands with the Democratic nominee. Although within five years of the century mark, Morrison displayed a remarkable memory and recalled with clearness many stirring events in the early days of the republic. To have seen and spoken to Andrew Jackson while president of the United States and to tell it, was a revelation to Bryan.

Morrison, who had driven to the station by himself, carried with him as a souvenir of the visit, a handsome silver headed cane which was cut from "The Hermitage." Andrew Jackson's old home in Tennessee.

THE ATLANTIC
FLEET MAKES
GREAT RECORD

Announcement of Arrival at
Auckland at Washington
Created Enthusiasm Among
the Naval Officials.

CATCH THE Atlantic fleet at Washington, Aug. 8.—"It is a great record and I am immensely gratified. This was the comment Rear Admiral Piquery, chief of the Bureau of Navigation and acting secretary of the navy made when the news of the arrival of the Atlantic fleet at Auckland was communicated to him.

In view of the storm which the fleet encountered on the way from Honolulu it was scarcely expected to arrive at Auckland before midnight of the 8th. Washington time, which would bring the news of the arrival to the United States ordinarily in the course, sometime of Sunday afternoon.

The fleet's itinerary made it due to reach Auckland on the afternoon of the 8th. Washington time, which achievement it accomplished. Although not necessary by reason of the violent northeast storm, Rear Admiral Sperry in command, increased the speed of the ships from 19 to 21 knots. The efficiency of the fleet has been proved by the manner in which it weathered the storm through which it just passed, being the most severe weather encountered since the fleet left Hampton Roads. It has given the greatest gratification among officials of the navy department.

SENATOR ALLISON
IS LAID TO REST

DUBUQUE, Aug. 8.—The body of Wm. Boyd Allison, Iowa's distinguished citizen, was laid to rest in Lincoln cemetery this afternoon. The funeral and burial services were simple. Vice President Fairbanks, members of the national senate and house, Governor Cummins and other state officials were present.

WRIGHT FLIES IN AEROPLANE AT LEMANS

Dayton, Ohio, Aeronaut Promises
to Give More Wonderful
Demonstrations.

LEMAN, France, Aug. 8.—Wilbur Wright, of Dayton, Ohio, made a flight with his aeroplane here this afternoon. No attempt was made for a distance record, the only object of the flight being to try out the aeroplane. While flying through the air Wright demonstrated, or so it appeared to the spectators, that he was absolute master of the airship, first soaring up, then shooting downward and mounting again at will until finally after completing two circles, he came down easily to the earth. The performance was greeted with a burst of cheers from the small number of people invited to view the experiment.

Wright was warmly congratulated by all the experts, who styled the flight a wonderful exhibition of aviation. The successful flight puts to rest the long and anxious wait of Americans in Europe to see what Wright Bros. were capable of accomplishing. In Europe the "Mysterious Wrights" have been an absorbing problem for many weeks. They have interested representatives of various governments. The long postponement of the exhibition of what Americans had to show the world aroused the liveliest comment. From some quarters came a touch of skepticism. Paris newspapers only last night referred to the "bluff of Wright Bros." of whom everybody has been talking for many years, but who as yet "have not made good." Nevertheless the slight Wright prepared long, patiently and carefully for this occasion when he could dispel these doubts and uphold the name of America.

Though disabled as a result of the explosion of a tube, Wright labored bravely. He put his machine together in a shed on the field just outside Lemans, sleeping by night beside his invention. Weather conditions for the test were splendid. The sky was blue without a cloud and a gentle northwest breeze was blowing. It was shortly before 3 o'clock this afternoon when the aeroplane, which is the same as used in the United States was brought out of the shed and mounted on a small single wheeled chair, which in turn rested on a single rail on the ground. After a preliminary test of the apparatus, Wright declared all was ready and took his position beside the motor. By means of a falling weight rigged on a beam across running to it the chair started running over the rail. The aeroplane then having been given a forward motion, suddenly left the chair and ascended like a bird to a height of about 40 feet. Then it swerved and turning in its course landed on the field. It dipped gracefully up and down, attaining a height of 60 feet and descended to between 20 and 40 feet. Wright then circled the field and then stopping the motor brought the aeroplane directly in front of an improvised grand stand which was filled with wildly cheering spectators.

The descent was sure and easy and was carried out with great nicety, without causing shock to either machine or operator.

Afterward Wright said to the Associated Press "I am perfectly satisfied with my first flight. I made one or two little mistakes, but I am confident I will be able to do all I hope for in later trials, possibly next week. Estimates vary as to the distance covered by the aeroplane, but an average is 3 kilometers, about 1.8 miles. Bart O. Berg, European representative of the Wright Bros. gave the official time as 1.46. The populace of Lemans were enthusiastic over the experiment.

CHAMPION RIFLE TEAM
ARRIVE IN NEW YORK

NEW YORK, Aug. 8.—The American Rifle Team arrived today, having on board General James A. Drain of Washington, president of the National Rifle Association of America, and nine members of the rifle team who won the world's championship at the Olympic games and a number of invited guests. Many steamers and tugs joined in whistling a welcome.

ONE KILLED IN WRECK

NEW ORLEANS, Aug. 8.—One man, Fireman Oliver Patria was killed and several injured tonight, when the Texas express of the Southern Pacific railroad left the track several miles from the union station.

AERIAL NAVIGATION COMPANY

BOSTON, Aug. 8.—The Aerial Navigation Company of Boston, to do freight and passenger business between Boston, New York and other points, by express, was incorporated today, the capital stock being \$50,000.

REPUBLICANS ELECT PIMA'S DELEGATES

TUCSON, Aug. 8.—(Special.)—Following was the delegates to the Republican convention at Phoenix from Pima county elected today: H. B. Tenney, Wm. Herring, C. F. Schumacher, J. M. Ormsby, G. E. Truller, O. C. Parker, P. J. Archer, Henry Meyer, V. M. Cole, E. M. Dickmann, Andrew Rebel, C. H. Bayless, C. F. Slack, A. Moreno, J. B. Corbett, Chas. Bent, Benton Dick, Herbert Brown, L. Bonn and Geo. Pusch.

THAW'S CASE
WILL BRING
HIM HOME

To Be Taken to Pittsburgh to
Be Declared a Bankrupt on
August 21.—Trust Income
of \$12,000 a Year.

PITTSBURGH, Aug. 8.—Possibly the most important development today in the bankruptcy case of Harry K. Thaw, and the one that indicates better than anything else the plans of Thaw's counsel, was the declaration by former Governor W. A. Stone, the local counsel of the litigant. He is proceeding on the assumption that Thaw is sane now. The verdict cleared him of the murder of Stanford White on the ground of insanity, and referred only to his mental condition at the time the crime was committed. It is said Thaw's friends seek to have him brought here within 60 days, when they will ask that he be declared sane.

Such action would not invalidate the commitment to Mattawan, but would, it is believed, have a great moral effect on the New York courts. The referee in bankruptcy, William R. Blair, today was notified that Thaw would appear here on August 21, to be adjudged a bankrupt. Thaw will be kept in Poughkeepsie until later developments make necessary his presence here. Governor Stone today denied the statement attributed to him that the bankruptcy proceedings will be a great blow to Evelyn Nesbit Thaw, and shut off her demands. Stone said Mrs. H. K. Thaw could not be considered as a preferred creditor, but her income will not be impaired. He further stated the proceedings will safeguard Harry K. Thaw's income from the Thaw estate as all that is available under the law is his personal estate. Thaw has a trust income of \$12,000 a year.

WEATHER FORECAST.
WASHINGTON, Aug. 8.—For Arizona: Partly cloudy Sunday and Monday; showers in north portion.

IN ILLINOIS
THE PRIMARY
IS VERY CLOSE

Deneen and Yates Both Claim
the Nomination on Republican
Ticket—Hopkins Probably
Beaten By Foss.

CHICAGO, Sunday, Aug. 9.—At 1 o'clock this morning returns from the first primary elections ever held in this state, are still coming in. The result is in doubt except in few particulars.

The contest is one of the closest ever held in Illinois, the struggles of the Republican party for the gubernatorial nomination and endorsement of United States being especially severe.

From incomplete returns at hand, it can only be stated the contest between Governor Charles S. Deneen and former Governor Richard Yates for the gubernatorial nomination is extremely close. Deneen carried the city of Chicago and county of Cook by approximately 480 votes, but returns indicate that Yates received greater support in the state outside Cook county. The Deneen people claim the returns indicate the nomination of their map by about 3,500.

The Yates managers assert he certainly will have a strong majority. On the Democratic ticket for governor indications are that ex-Vice President Adlai E. Stevenson of Bloomington is nominated. James Harrison Lewis of Chicago made a wonderful run in his home county, receiving at least 10,000 plurality.

For the Republican endorsement for United States senator the contest between Albert J. Hopkins, present incumbent and George Edmund Foss of the Tenth district is extremely close. Foss carried the city of Chicago by 6,000 but returns from the state at large are indefinite and conflicting. Present indications, however, seem slightly in favor of Foss.

Lawrence B. Stringer, of Lincoln, had a walkaway in the Democratic party for senator endorsement.

The Republicans polled a much larger vote than the Democrats.

In Chicago the vote for governor, with 27 precincts missing, is 127,510. Of this number Yates received 61,142; Deneen, 66,368.

REPUBLICAN SLATE WINS AT PRIMARY

Names of Men Suggested Friday
Night Juggled on Ticket
and Chosen Nine Are
Jammed Through.

HOLMES HAD A TICKET
WHICH IS SLAUGHTERED

Delegates All Said to Be Kirk
Men But Cassidy and
Woodman.

The Wise Old Owl's slate went through at yesterday's Republican primary without the semblance of a crack. Less than 300 votes were polled. The first nine men on the ticket were elected. Vice Chairman W. P. McNair and E. P. Brewster are charged by their party opponents with juggling the primary ticket. For instance Jakob Schmidt was the first man suggested as a delegate at the meeting held Friday evening. On the ticket he was placed 11th. City Clerk C. W. Hicks, who was the only Republican elected at the municipal election last spring, was defeated for delegate. This does not represent a strength, for he could go out and beat any Republican in the city according to past performances. His defeat yesterday was accomplished simply through manipulation of the cards by the Wise Old Owl, according to political gossip.

The delegates elected yesterday were Dr. C. L. Cayven, M. E. Cassidy, R. A. Kirk of Phoenix, J. E. Morrison, P. R. O'Brien, W. P. McNair, E. P. Brewster, Parker L. Woodman and W. J. White. These were the first nine names on the ticket suggested Friday evening at the mass meeting of 50 Republicans in the city hall. They were not placed on the ticket, however, in the order in which they were nominated at Friday evening's meeting, which is customary. This was the sore spot in the night. Vice Chairman McNair and E. P. Brewster were given credit for changing the ticket and arranging the slate as elected.

Of the nine delegates there are seven credited with being followers of R. A. Kirk, whose orders in Cochise county are now given the rank and file by Vice Chairman McNair. Two of the delegates, Cassidy and Woodman, are allied with neither faction. Cassidy received the highest vote polled yesterday. Kirk was the lowest among the successful candidates. The other men suggested for delegates on the McNair ticket, but not slated were: W. D. Cutter, Jakob Schmidt, C. W. Hicks, H. W. Alken, J. E. Evans, J. T. Quick, H. A. Schwartz, James Blair, C. M. Holmes, W. L. Edwards, E. G. Riley, Harry Locke, J. J. Muirhead, J. G. Shannon, George Buxton, J. D. Campaign, W. E. Hankins, W. E. Morris, C. N. Thomas.

City Central Chairman C. M. Holmes also had a ticket in the field yesterday, but it went down to defeat by more than three to one, except the combative Cassidy, with whom the McNair slate makers were afraid to start a rumour. Holmes and his friends promise to be largely in evidence on election day next fall.

NO SETTLEMENT
IS YET IN VIEW

In Canadian Pacific Strike of
Machinists—Japs Turn
Down Offers of Jobs.

Winnipeg, Aug. 8.—No signs of settlement are reported by either side in the Canadian Pacific railway strike today. Manager McVey, for the strikers, announced that the company is endeavoring to secure Japanese for points west of here, but many Japanese they offered places declined to work when they learned they were to take the places of strikers.

The men are in good humor. They have a month's pay due the 15th. McVey said over \$1,500,000 will be paid on that day to the strikers. Pickets are being regularly maintained, but the strikers' instructions are not to come into conflict with either the men or company guards.

BALDWIN FULFILLS
PART OF CONTRACT

WASHINGTON, Aug. 8.—Captain Baldwin succeeded in fulfilling the first requirement of his contract with the government for supplying a dirigible balloon for the signal corps of the army. The board of officers to day at Fort Myer accepted it as far as the construction is concerned. The other requirements remaining to be fulfilled are the speed and endurance qualities of the aerial craft.

HANGED FOR ASSAULT.

MEMPHIS, Aug. 8.—Henry Johnson, a negro, was hanged in the jail here today for a criminal assault upon the daughter of a local dayman. The girl is not quite four years old.
